Hallett Marks 15th Birthday With Big Sale

Celebrating 15 years of merchandising service, Hallett's Red and White Store, 2081 Broadway, invites the public to participate in their "15 years of progress" event this week-end.

Hallett's Market, a member of the Red and White co-operative buying system, is affiliated with hundreds of independent grocers who pool their buying power.

Besides handling a fine stock of quality groceries, Hallett's Market carries Swift's quality meats. Swift's premium baby beef and Swift's premium lamb will be featured in the "15 years of progress" event, according to Ralph Hallett, manager.

A new refrigeration system was recently installed to insure absolute freshness for the high quality meats, according to Hallett.

The original market was remodeled in 1934, so that floor space has been more than doubled. The public is invited to visit Hallett's anniversary sales event.

101 Widening Wins Support

San Mateo county's proposed El Camino Real widening project from Beresford through Redwood City to the south county line is listed as the third most important project on a regional highway program of a tri-county committee.

The committee met at Castroville, with a dozen civic leaders in attendance, and made a list of primary roads recommended for state funds. Ranked in the order of their importance, according to belief of the committee, the roads follow:

San Jose to Prunedale cutoff on 101, 29.61 miles; Los Gatos to Inspiration Point on the Los Gatos-Santa Cruz lateral, eight miles; Beresford to Santa Clara county line on 101, 7.72 miles, new bridge on 101 at Soledad; Bradley to San Luis Obispo county line on 101, six miles; two miles south of Greenfield to Soledad (101); portion of 101 between San Ardo and King City; Naciemiento bridge in Monterey county.

Chevrolet Sales By Davies Auto Reach New Peak

"March, 1936, was the largest month in the entire history of our business in Redwood City."

This was the statement today of Al Davies, head of the Davies Auto Co., local Chevrolet dealers. The Davies firm delivered 26 new Chevrolets and an equal number of used cars to maintain their high standing in a national sales contest being conducted by the company.

According to Davies, sales are continuing to be good in April and "a car a day" has been the slogan of the organization for the first 10 days of the month.

J. H. Casteel, one of the Davies Auto Company staff of salesmen, was awarded a new Chevrolet Master Sedan for his outstanding sales record in the state last month.

Movies of Liner Shown Exchangites

How the Queen Mary, Britain's gigantic liner which rivals France's Normandy, was built and launched, was depicted in movies shown at the Exchange Club Tuesday by A. L. McGraw, San Francisco steamship company official.

McGraw also showed the club meeting at the Sequoia Hotel a travelogue of Bali, langorous south sea island which has become a tourist Mecca.

It was announced that State President Earl Washburn would be a guest at the district meeting of Palo Alto, San Bruno and Redwood City Exchange Clubs next Tuesday evening at the local hotel.

William H. Girvin, San Mateo county court reporter, rejoined the club last night, having moved back to Redwood City.

Chairman of the meeting was W. W. Hendricks.

Stock Show Comes to End

Banquet Closes Ninth Annual Livestock Exhibition

SOUTH SAN FRANCISCO, Apr. 8.—With the annual auction, the ninth annual Interstate Junior Livestock Show was drawing to a close here today.

The three-day exhibition is to be climaxed with the annual banquet tonight at the Commercial Club. B. B. Meek, president of the show, will preside. Mrs. Helen Wills Moody, international tennis champion, will be guest of honor.

Close competition has marked the awarding of prizes throughout the show. All but one have been awarded.

That one is the grand baby beef contest.

The show this year has brought forth the largest crowds in the history of the event.

The young visiting farmers of the future all come from California, Nevada, Utah and Idaho. Last night they were taken for a ride on a chartered ferry to view the bay and the bay bridges.

Among Monday's chief awards was that of the grand championship for the best lamb which went to Arthur McLean of Bakersfield.

Two M. P. Applicants Denied Rum Permits

Two Menlo Park people were among 66 in the state denied liquor licenses yesterday by the State Board of Equalization, according to the United Press.

The Menlo Park applicants are Allen C. and Ethel E. P. Edmonds.

Other unsuccessful bay region applicants included Doinysios Haikales, San Francisco.

The United States post office department will exhibit a model post office, in which all regular postal functions will be carried out, at the Texas centennial exposition.

BIG CIRCUS ADDS TO DISPLAYS

Civic Leaguers Seek $300,000 Slash in Taxes

$100,000 More Wanted Than County Board Promises: Harris

Prospects of a basic tax rate of only 75 cents per $100 were held out to taxpayers today by the Civic League of San Mateo County, in a determination to secure a reduction of at least $300,000 under expenditures of last year.

The reduction, if achieved, would mean 10 cents per $100 less than the 85-cent rate set by the board as its goal, and $100,000 greater than the $200,000 savings promised some months ago by the supervisors.

Announcement of the Civic League's goal was made today by M. A. Harris, Redwood City, president, and Percy J. Shaw, South San Francisco, secretary.

"It is no part of the functions of the Civic League to prepare the budget," Harris said. "The preparation of the budget is the duty of the board of supervisors, the county executive and other county officers.

"Nevertheless, it is the purpose of the league to co-operate with the tax-levying powers so that the business of the county shall be conducted on business lines, and that the tax rate shall be as low as is consistent with an economic and intelligent administration of county affairs, as affecting the expenditure of the taxpayers' money.

CENT MEANS $10,000

"Speaking in general terms the taxpayers must understand that every cent of the tax rate, one way or another means $10,000 in savings or loss to those who pay taxes.

"With the majority of the board of supervisors already pledged that the amount to be collected in the next fiscal year will be $200,000 less than during the present year, the tax rate with no further reductions should be about 85 cents per $100.

"Last year the board of supervisors began with a tentative rate of $1.226 per $100 and this was pruned to $1.05.

"For the past eight or nine months the Civic League has been quietly investigating the situation as to expenditures. We are given to understand that the reduction promised by the supervisors will be brought about by the absence of any unusual expenditures such as the $50,000 contributed this year for the agricultural pavilion and $27,500 for the Colma ditch; and by controlling the exceedingly large capital expenditures made for equipment this year at the Community Hospital. Other details have been supplied by the spokesman of the board of supervisors.

$100,000 MORE SOUGHT

"Independent inquiries which are not yet completed lead to the belief that another $100,000 can be lopped from the county budget without any detriment to the proper management of the county's business. While the $200,000 reduction already promised may be regarded as a guarantee that no extraordinary expenditures will be countenanced by the board of supervisors, there should also be a general overhauling of the county out-go. The taxpayers and others whom this league represent, reasonably expect that there will be re-adjustments in county expenditures, such as any business man has been compelled to make, considering the times.

"Heretofore department heads, no doubt with all good intentions, have included in their estimates not only those items which they were entitled to get, but all others that they hoped and prayed for. The estimates of the special assessment districts, such as fire, lighting, sanitary, mosquito abatement, etc., have been passed through without any particular study or question as far as the supervisors were concerned.

"This year, it is hoped, there will be more light on what is proposed and allowed. Many of these districts have carried, for years past, cash balances in considerable amounts, which should be turned back, at least in part, to reduce the tax rates of the districts.

"With a tax rate of 75 cents tentatively fixed for the county there will be something definite as a goal which the departments should strive to attain.

"The league is not unmindful that last year the members of the board of supervisors showed a definite disposition to co-operate. In making its budget investigations this year the league has been neither fault-finding nor querulous. It must be understood that the officers of the league desire to co-operate in a friendly manner with the constituted tax-making bodies.

STRIVES FOR PROGRESS

"San Mateo county is striving for greater population, for active building construction, for investments of all kinds, and for well-rounded and timely development. The county must be made attractive in every respect. One of the major elements in accomplishing these aims is the question of taxes money. In this regard the league and in the expenditure of public proposes never to lose sight of the fact that its object is 'to foster and promote by all lawful means the civic interests and well-being of the people of San Mateo county.'"

The league is informed that by April 10 County Executive Walter T. Kellogg expects to have from every county department and from all special assessment districts of the county, estimates of their needs for the fiscal year beginning July 1 next.

Under the state law the salary ordinance must be adopted by May 30, and the supervisors have directed that it be ready by May 25. This fiscal year, 1935-36, the salary roll is about $75,000 higher than it was in the fiscal year of 1934-35.

Owen Accepts Reports Chief To Keep Post

Minister Asks Strict Safeguard Against Moral Hazards

Assurances given by three city council candidates that they do not intend to remove Police Chief C. L. Collins in the event of their election were accepted "in good faith" Wednesday by Rev. W. J. Owen, pastor of the First Methodist Church.

The Reverend Owen on Sunday in a sermon pointed to reports that Chief Collins was slated to go because of dissatisfaction in some quarters over police restrictions governing bookmaking.

Owen's statement follows:

"Editor: Since the delivery of my sermon Sunday, April 5, 1936, Messrs. Cerqui, Irwin and Wagner have issued a statement to be found on page 4 of the Redwood City "Tribune" of April 7, in which they unequivocally state:

"1. The present chief of police will be retained.

"2. We pledge ourselves to a well-policed city."

"I am willing to accept that statement as being made in good faith. I would, however, ask them to go one step further, and assure the decent citizenry of the community, that not only will the present standard be maintained, but that there will be a marked improvement in the regulation of the moral hazards of our community, should they be elected.

"The incumbents, and their colleague, Mr. Hohn, in their campaign literature state: 'Heads of departments undisturbed.' I challenge them, likewise, to assure the public, that should they be returned to office they will not relinquish present relatively high standards of public morals, but rather will press on to moral environment free from any polluting influence.

"My only concern in this matter is the safeguarding of the weak and inexperienced, by the united strength of our entire community, and pledge those elected to public office, regardless of whom they may be, my unqualified support when they are right, and my unflinching criticism when they depart from the path of right and truth.

"I wish to express my appreciation to Mr. Gordon Seeley for clarifying the persistent rumors to the effect that he aspired to the office of police chief, and trust that my injection of his name into the current campaign will not prove detrimental to him or to his business, as I bear him no personal animus whatever.

"Very cordially yours,
"(Rev.) WM. J. OWEN.

PURITY STORE OPENING SET FOR SATURDAY A. M.

With the most modern equipment, a new Purity Store opens for business in Redwood City tomorrow. It is located at 2629 Broadway, between the Sprouse-Reitz store and Western Union office.

Leonard G. Kempf, district manager for Purity, announced today that this is the most complete and modern store in the Purity group.

"The meat display cases are arranged to provide easy selection of all fresh meats and sea foods, shell fish, poultry and lunch meats," Kempf said.

"The produce fixtures are the latest type, which provides constant air conditioning by the use of water sprays and suction fans. Consequently, the vegetables are always garden fresh.

"The grocery department is of the self-serve type where good display and easy selection are permitted.

"I am sure shoppers on Broadway will find this new Purity Market a pleasant place to shop," Kempf said.

"For their convenience, an extra entrance has been provided from Montgomery street where parking space is more available.

"This new Broadway store is of particular interest to the officials of Purity Stores," A. H. Fischer, secretary, said, "for San Mateo county is the residence of every Purity official except one, and has been for the past 10 years."

The Purity organization is a local California institution with no stores or interests outside of the state. It was established with the opening of one small store 11 years ago and has continued to remain under the control and management of the young men who originally launched the first unit.

As is customary, free balloons will be given to all children accompanied by adults on the opening day, April 11, at the Broadway store only.

MENLO PARK ITEMS

All the local churches will observe Easter by special services on Sunday. At the Catholic Church the masses will be at the same time as on other Sundays, 7, 8:30, and 11 o'clock. An augmented choir will render the music for the occasion. In Trinity Episcopal Church there will be extra services. The new choir has arranged a splendid musical program and the Presbyterian Church will present an extra program of music.

The Past Presidents' Association of San Mateo County, Native Daughters of the Golden West, will give a card party at the home of Mrs. Sadie Ryan, Redwood City, next Wednesday afternoon at 2 o'clock. Mrs. Frances Maloney of Menlo Park is the president of the organization.

The city election takes place next Tuesday. Very little interest has been taken in the campaign for the reason that there is only one contest for office. J. B. Welsh and Mr. Lusk, candidates for the council, are unopposed. Mrs. Fannie I. Kurtz, the incumbent clerk, has no opponent. There has been a little hustle for the treasuryship between J. W. Ryan and Mrs. Frances Maloney. The latter is making a vigorous campaign. Her friends are rallying to her support. Mr. Ryan is the incumbent and has held the office for several years.

Robert Thomas returned from St. Luke's Hospital this week, fully recovered from an appendicitis operation two weeks ago.

Cyril Bryner, an assistant in Slavic languages at Stanford, addressed the Catholic Women's Club of Santa Clara County on Tuesday in the studio of Miss Margaret Williams, Johnson avenue. "Traveling Companions in Russia" was the subject of his talk. Mr. Bryner is a Menlo Park young man who won a scholarship in a European college some years ago.

Ray M. Whalen, son of Mrs. Sarah M. Whalen of Menlo Park, passed away at Los Angeles last Sunday. He was a prominent business man of the southern city, where he had resided for the past 10 years.

Yesterday Mrs. Charles Coxin celebrated her eighty-eighth birthday by a dinner given at her home to relatives and friends. All her children and grand children were present. Mrs. Coxin came to Menlo Park in the 70's and has resided here ever since. She is still strong and vigorous, despite her advanced years.

Youths Offered Work Under WPA Proram

Employment for youths between 18 and 25 who are members of WPA families was announced today by WPA headquarters in Burlingame.

The work consists of aiding in direction of recreational activities in schools and playgrounds in city and county, and in care of athletic fields and equipment.

While those eligible must be members of WPA families, the head the family need not be a WPA employe. The pay consists of $17 to $25 a month for a total of 40 hours of work.

Those wishing to engage in such work in this county should register at the Burlingame WPA headquarters or the San Mateo office of the United States Employment Service.

17 County Youths Off for CCC Camp

(Special to The Tribune)

BURLINGAME, April 16.—First installment of the county's CCC recruits, 17 youths left over the week-end for Fort Funston. Forty more vacancies remain, according to Goldie Abers, county relief supervisor. The county quota of 57 will probably be the last, she said, since the state quota has been reduced from 480,000 to 300,000.

About 12 per cent of the world's total population lives in the 626 cities of over 100,000 population.

Scouts, Hi-Y Aid at Rites

Police to Be Assisted Directing Traffic And Ushering

Police will be aided by Boy Scouts and by members of the Sequoia Hi-Y in directing traffic and ushering when Easter sunrise services are held in Emerald Lake Bowl Sunday at 5:39 a. m.

Under direction of A. S. Kimberling, approximately 30 scouts will spend the night preceding Easter camping near the bowl, to be on hand early in the morning for the observance.

In addition, a number of D. Fred Gatchel's Hi-Y group will arise before dawn Sunday to be on hand to aid.

Five thousand automobiles can be parked in the vicinity of the bowl.Capacity of the bowl, which is located just west of Redwood City and which can be reached by driving out Jefferson avenue, is 12,000.

City workers have cleared the bowl of weeds and the warm sun of the past few days has dried it out from the recent rains to put it in perfect shape for the services.

Churchgoers from all sections of the peninsula, it is expected, will attend.

701 Get Home Loans Locally

County Total Reaches $2,392,014; Farms Also Benefit

Home owners in San Mateo county have received loans for refinancing their homes from the Home Owners Loan Corporation amounting to a total of $2,392,014, according to Donald Renshaw, state director for the National Emergency Council.

The total represents 701 individual loans to home owners to January 2.

In this county, 1787 applications for loans were received; 298 were withdrawn; 732 were held for further consideration; and 56 are pending, leaving the 701 loans completed.

Santa Clara county completed 738 loans with a total value of $1,850,964.

The state's total was 49,346 loans completed for a total of $130,950,686.

Farmers in San Mateo county up to December 31 received long term amortized loans secured by first mortgages from the Federal Land Bank amounting to $184,100, representing 23 loans.

The Land Bank Commissioner made loans of a more or less emergency character to 19 farmers here amounting to $54,000.

Menu Flashes by Joan Andrews

Nothing lends itself with more gusto to the springtime menu than small, tender young carrots. If you think carrots are uninteresting, try this method of cooking them and change your mind. Select very young, small carrots. Or, if you can only get large ones, cut them up. Place them in a small casserole with plenty of butter, a little stock and some salt and pepper. Cover, and let the carrots simmer in the oven until tender. If you haven't stock handy, make some of hot water and a bouillon cube.

In this recipe, it is the butter that is responsible for the success of this dish. If the butter is less than perfection, your time, your effort and your other ingredients will be wasted. The use of Golden State butter will protect you against flavor failure. Golden State butter is the choice of quality-wise cooks.

School Girl's Death Held 'Unavoidable'

(Special to The Tribune)

DALY CITY, April 8.—"Death through unavoidable accident" was the verdict this morning of a Daly City coroner's jury probing the fatality of Lillian Gould, 16-year-old Daly City school girl killed here March 29 in an automobile crash in which three other persons were injured. The dead girl was the daughter of Mr. and Mrs. Allen B. Gould.

Brazil's manganese exports were 2,300 tons in 1934, but in 1935 rose to 51,819.

Plumbers . . . painters . . . carpenters . . . these craftsmen and many others have benefited in a large measure by the home loans which Californians have made through Bank of America during past months. To date, Bank of America home loans, made under the provisions of the Federal Housing Act, total more than 32 million dollars*. Glance at the accompanying chart and see just how this vast amount of money turned into the building industry in California has benefited labor engaged directly in building, repairing, and modernizing California homes, farm buildings, office buildings, stores, and other structures.

If you are planning to buy or build your own home, FIRST see Bank of America. A Bank of America long-term home loan up to 20 years gives you financing terms which meet your budget as easily as rent. Now is a good time to build the home you have always desired.

*The above figures include only F. H. A. loans — Bank of America's total loans to business, industry, and individuals in California total more than 450 million dollars.

Military Training Applications Open

(Special to The Tribune)

BURLINGAME, April 6.—City Clerk Frank Bloom announced today that he was ready to receive county applications for the quota of 12 for the Citizens' Military Training camps at Monterey and Fort Scott, July 6 to August 14. Bloom, county representative of the citizens' training corps, said that 17 applications would be received, with 12 among them receiving the right to study field artillery and cavalry at Monterey, or coast artillery at Fort Scott.

Cincinnati police tagged 647 autos in one day for parking violations.

Mrs. Root Returns From Long Beach

Mrs. Sophie Root, secretary of the San Mateo County Recreation Commission, has returned from Long Beach, where she attended a three-day session of the National Recreation Association dealing with all problems of recreation.

Mrs. Root presented at the sessions a map of San Mateo county showing the recreational highways, which attracted wide attention. It was prepared by Ronald Campbell, planning engineer.

RE-ACTION OR PROGRESS?

Incumbents or "New Comers to City Politics?"

ASK YOURSELF:---

. . . What is wrong with Redwood City?
. . . Why, with every natural advantage, are we less modern and progressive than Burlingame, Palo Alto or San Mateo.
. . . Why have no industries located in Redwood City within the past 10 years?
. . . Why have we a fox-tail field through the center of the city (S. P. property) while Palo Alto has an attractive park and recreational center on similiarly owned and located property?
. . . Why there are so many vacant and dilapated stores on our main business streets?
. . . Why there is a great building boom just North, West and South of the city limits—and NONE in the city?
. . . Why are your taxes so high—with so little to show for it?
. . . Why you are getting diluted water when of three propositions, the least number of water users voted for the mixture? (only 28.1%)

THE ANSWER!

INEFFICIENCY—INCOMPETENCE AND EXTRAVAGANCE IN OUR CITY GOVERNMENT.

Our present majority members of the city council still live in the past. THEY HAVE NOT KEPT ABREAST OF THE TIMES.

As County Clerk Elmore B. Hinman says:

"... if we slide along for another 25 years as we have repeatedly done in the past, we will get so hopelessly behind that we will never catch up with the more progressive cities."

MR. HINMAN IS RIGHT—YOU KNOW IT!

All candidates for the council state "Redwood City must move on."

You KNOW from the incumbent's record of inactivity, ranging from four to twenty years on the council, what to expect from them. Can you believe that they are to make an about face and actually do something, if again elected?

WHAT HAVE THE INCUMBENTS OFFERED YOU—EITHER AS A RECORD OF ACCOMPLISHMENTS WHILE IN OFFICE—OR IN A PLATFORM FOR FUTURE ACTS? NOTHING!

We ask you to compare the type of campaign put forth by Cerqui, Irwin and Wagner and that of their opponents. The incumbents have relied on a non-existent and fictious issue of "power" (ficticious because the councilmen do not have the power to buy utilities. The incumbents have been forced to admit this fact in their "ad" in the Tribune April 8th. The sole power to buy lies in the vote of two-thirds of the people.) The incumbents have also relied upon personal attack.

In this connection we deplore the tactics which misled the REV. W. J. OWENS, a minister of the gospel, into becoming the unwitting tool in a plot to defeat the new candidates. His public retraction contains this significant statement:

"I am willing to accept that statement as being in good faith. I would, however, ask them to go one step further, and assure the decent citizenry of the community not only will the present standard be maintained BUT THAT THERE WILL BE A MARKED IMPROVEMENT IN THE REGULATION OF THE MORAL HAZARDS OF OUR COMMUNITY should they be elected."

Rev. Owens recognizes that there are conditions, under the present administration, which need improvement. Please note that our platform calls for additions to the police department.

FINISH THE JOB YOU STARTED TWO YEARS AGO
